The few following RULES relating to the Methods of Matching and Fighting of Cocks in London, said to have been in Practice there ever since the Reign of King Charles II.—Which Methods in Fighting a Main are:

TO begin the same by Fighting the lightest Pair of Cocks (which fall in Match) first, preceeding upwards, to the End; that every lighter Pair may Fight earlier than those that are heavier.

In Matching (with Relation to the Battles) it is a Rule always in London. That after the Cocks of the Main are weighed, and the Match Bills are compared.

That every Pair of Dead, or equal Weight, are separated, and Fight against others, provided that it appears that the Main can be enlarged, by adding thereto either one Battle or more, thereby.
